

Support Group for Families Of Adults with Special Needs

Families with adults with special needs face many challenges and can benefit from assistance and support from other families with similar needs. A new support group that will give family members a chance to talk about their feelings and challenges will hold a first meeting in The Upper Room at St. Mary of Sorrows on August 24th, from 6:30 to 8:30 pm. This group will be a place for discussion and sharing of ideas, concerns and resources, as well as encouragement through advocacy. For more information, please contact Kathy Hall, 703-323-1731, or khall81@cox.net.
